Yeti Cooler, Amazon eGift Card, and Movie eGift Card!@ Merete , should I wait until the full video finishes to get the txt , or it will process it directly, for example if I have a lecture 6 hours , will I wait the 6 hours to finish to get the txt?Lol I'll remember that is is not for a sub title for a video.. You'll need a speech to text such as Camatasia Studio which is really the best Please watch this tutorial from Camatasia studio it will give you a perspective of the taskCaption Series: Speech to TextDragon Naturally Speaking pretty expensiveYou can use pocketsphinx to convert an audio file.. but once done you simply go to file save audio onlyLoad the audio into CamatasiaJust select the area of the audio that has the speech you wish to convert to text.
